MEMORANDUM FOR THE RECORD

SUBJECT: Proposed National War College Visit to Headquarters

STATINTL

1. On 27 July the Executive Director, [] asked OTR to call in regarding the National War College invitation of 21 July 1970 to Colonel White. [] apparently was unaware that Colonel Crossland, of the National War College faculty, had advised his Commandant against their visit to CIA.

2. I informed [] of this development, and the response to [] question expressed the belief that the NWC wanted to return to the usual briefing panel program of previous years. [] then asked if the names of the panel members should be forwarded to the NWC. I agreed that they should.
